List of documents required for Policy issuance

Insurers require basic identification and financial documents to verify the applicant's details before issuing a policy. Here are the documents required –

Identity and Address Proof: You will be required to provide valid government-issued identity documents, such as an Aadhaar card, passport, voter ID, or driving license. These documents are used to verify identity and confirm residential address.

Age Proof: Documents such as a birth certificate, Aadhaar card, or PAN card are commonly accepted as proof of age and can be used to verify your date of birth.

Income Proof: Company may ask for salary slips, bank statements or any financial document to assess your financial capacity and determine suitable coverage.

Photographs: A recent passport-sized photograph is usually required for completing the proposal form.

Medical Reports: Depending on your age, health condition, and the sum assured, medical tests or existing medical records may be requested to evaluate risk accurately.

Questionnaires: Depending on your occupation, health condition, or residency status, you may be required to complete additional questionnaires as part of the underwriting assessment process.

Basic documents & verifications required for Claim settlement

Life insurance claims can be filed through various channels, the details of which are available on the company's website. To initiate a claim, the claimant must submit the required documents as specified by the insurer. Each claim submission channel follows a simple process designed to facilitate timely verification and settlement. Products contributing to 90% of the business on a new business premium basis (individual and group products both included). Considering at a product level and not at a UIN level.
“Total Number of Policies at Beginning of the Year” – We have considered the inforced policy count as on Mar’26
“New Policies Issued during the year(YTD)” The total number of policies issued in FYTD Aug’26 covering all statuses.
“Maturity / Surrender / Withdrawal / Foreclosure / Cancellation” We considered the policies have been identified based on the following statuses
“Maturity /Surrender / Withdrawal / Foreclosure / Cancellation Proportion” = (Maturity/Surrender/Withdrawal/Foreclosure/Cancellation Count) / (New Policies Issued during the year YTD
Renewal Proportion (as % of GWP on YTD basis)= Renewal Business Premium / (Premium of New Policies + Renewal Business Premium)
In Group Business, NOP is considered on the basis of the number of lives covered under the policy.
